MEDIA RELEASE 8th OCTOBER 2010

The organizers of the 50th McDonalds Grafton to Inverell Cycle Classic today announced that each rider participating in 50th Anniversary classic over the 228km distance will have their time recorded for the Gibraltar range climb.

As a further incentive, Cycling NSW will add an additional \$1250 prizemoney bringing this year's total prizemoney to over \$30,000.

The fastest Div 1 rider to complete the Gibraltar Range will take \$500, plus there will be \$250 for the fastest Div2, Div3 and Div 4 riders. The only stipulation to this additional prizemoney being awarded is that you must also finish the event.

Cycling NSW will once again be running the Times 7 electronic timing equipment for all events. With the support of Times 7, three electronic timing teams will operate 3 timing systems which will allow us to record the Gibraltar Range times as well as each of the 8 events being conducted.

The organizers believe this will add a new dimension to this iconic classic with riders being able to compare their times and averages speeds over this 18klm climb. It will also add to this year's expanded media coverage of the event.
